THE CRISIS EDUCATORS KNOW BUT RARELY DISCUSS

Behind the behaviour issues, the disengagement, and the screen addiction is something deeper: a generation of boys who do not know who they are, what they are for, or how to become men. The result shows up in your classrooms, your corridors, and your communities every single day.

FUTURE MEN PATHFINDER **was designed specifically for this moment — a structured, evidence-informed pathway from boyhood to purposeful manhood.**

FUTURE MEN PATHFINDER

WHY THIS. WHY NOW.

The data is clear. The moment is urgent. The partnership is strategic.

THE BOY CRISIS IS HERE

Boys are falling behind in education, struggling with mental health, and increasingly disconnected from purpose, community, and healthy relationships. The institutions that serve them — schools, churches, families — are doing their best with tools that were never designed for this particular storm.

FUTURE MEN PATHFINDER **does not compete with what you already do. It fills the gap that every educator privately acknowledges but rarely has a structured answer for.**

THE BEHAVIOUR GAP

Suspension rates, peer conflict, and classroom disengagement among boys aged 14–19 are rising globally. Character development is not a luxury Program — it is a behaviour management strategy with lasting results.

THE IDENTITY VACUUM

Without a clear sense of who they are and what they stand for, boys default to whatever their environment offers them — screens, peer pressure, or worse. FMA builds the internal architecture before the world fills the space.

THE RELATIONSHIP BREAKDOWN

Boys who struggle with emotional intelligence become men who struggle in marriages, workplaces, and communities. Investing at 14–19 is the most cost-effective intervention point available to any institution.

A MOVEMENT, NOT JUST A PROGRAM

FUTURE MEN PATHFINDER sits within a broader mission to mobilize men, women, educators, coaches, parents, counsellors, church leaders, HR professionals, and community leaders around the wellbeing of men and boys. When your institution partners with FMA, you do not simply host a camp — you join a growing coalition of schools, families, and communities committed to raising a generation of men who are emotionally intelligent, spiritually grounded, and socially responsible.

THE BENEFITS OF PARTNERSHIP

For parents, schools, and the communities that serve young men

FOR PARENTS

+ A clearer son

Boys leave with language for their emotions, a sense of purpose, and greater respect for the adults in their lives.

+ Better relationships at home

The Program directly addresses the communication breakdown between fathers, mothers, and teenage sons.

+ Protection from harmful influences

Structured content on addiction, peer pressure, and online danger gives your son tools before the crisis, not after.

+ Ongoing support

FMA's virtual follow-up and mentoring community means the transformation does not end when the camp does.

FOR SCHOOLS

+ Measurable behaviour outcomes

Pre and post assessments give your pastoral team data to show governors, boards, and regulatory bodies.

+ A credible pastoral partner

Position your school as one that invests in the whole boy — character, calling, and competence — not just grades.

+ Teacher development pathway

Staff can train as Certified Men and Boys Transformation Practitioners (CMBTP), building in-house capacity permanently.

+ Reduced exclusion risk

Schools that run FMA report improved engagement, reduced peer conflict, and stronger student-teacher trust.

CERTIFIED MEN AND BOYS TRANSFORMATION PRACTITIONER

C M B T P

For teachers, counsellors, coaches, and pastoral staff who want to carry this work beyond a single Program. The CMBTP certification equips practitioners with a professional framework

for transforming the culture around boys in any institutional setting. Ask about in-school cohort certification.

FUTURE MEN PATHFINDER

FOR CHURCHES & FAITH LEADERS

Your congregation has boys who need more than Sunday. This is Monday through Saturday.

THE GAP BETWEEN SUNDAY AND THE STREET

The church has always believed in the formation of character. But the boy sitting in your youth group on Sunday is navigating pornography, identity confusion, peer violence, and digital addiction Monday through Saturday. Spiritual formation alone, without practical tools and structured community, is not enough.

FUTURE MEN PATHFINDER was built at the intersection of faith, psychology, and practical life skills. It is not a secular Program with a Christian veneer. Spiritual growth and transformation is a core module — woven through every session, not added at the end.

Host an FMP Camp at your church

Use your facilities to serve not just your congregation's boys, but the wider community. FMA becomes your church's visible investment in the next generation.

Train your youth leaders as CMBTPs

The Certified Men and Boys Transformation Practitioner pathway gives your youth pastors, deacons, and lay leaders a professional-grade framework for this work.

Partner for community outreach

FMA's model is designed to work across faith, community, and school contexts. Your church becomes a transformation hub for boys in your neighbourhood.

Join the broader movement

Churches that partner with FMA connect with a network of educators, counsellors, coaches, and community leaders all working toward the same goal: the wellbeing of men and boys.

"When the church invests in the boy, it shapes the man who will lead the home, serve the community, and restore what has been broken."— Dayo Adeyemi
